

Pacific Healthcare - the first privatised healthcare provider to install the lowest dose, fastest scanner in Singapore

SOMATOM Definition Flash CT Scanner

CT DIAGNOSTICS AT MUCH LOWER RADIATION DOSES THAN BEFORE FOR EARLY DISEASE DETECTION

WITH LOW DOSE CARDIAC CT, AS LOW AS 0.3 mSV, REDUCING RADIATION EXPOSURE BY AS MUCH AS 93%

FASTEST SCAN SPEED - A CARDIAC SCAN IN 1/4 OF A SECOND. THE WHOLE CHEST IN LESS THAN 1 SECOND.

PACIFIC HEALTHCARE is one of Singapore's leading providers of Specialist Medical and Dental services. Our group of dedicated healthcare professionals, most of whom specialize in different fields, work as a team to provide integrated multi-disciplinary patient care. We aspire to be the premier healthcare group in the region, renowned for our care, compassion and medical excellence.

We offer comprehensive and integrated health screenings, supported by the latest diagnostic radiology, at our specialist centres located in the heart of Orchard Road. Also, our ISO 9001:2008 certified day surgery centre helps us ensure prompt, convenient and quality care when necessary.

The opening of our new imaging centre allows us to provide advanced diagnostic imaging, as part of effective primary prevention.

Contact Pacific Healthcare Imaging for more information.
